## POK1210

Kao Collins Oil-based Inks for Piezo Technology

---

### Black Fast Absorbing Pigment

POK1210 is an oil-based pigmented ink that prints permanent, quality images with high o.d. on porous materials. This ink has good jetting reliability and absorbs quickly into porous substrates.

#### Features

- Fluid base: Oil
- Colorant: Pigment
- Flash point:  $> 100^{\circ}C$
- Shipping info: Non-hazardous
- Shelf-life: 1 year

#### Printheads<sup>1</sup>

- Xaar, Toshiba-Tec, Konica-Minolta
- Jetting Temperature:  $30 - 40^{\circ}C$

#### Storage & Packaging
