opportunity from

## Remanufactured HP DesignJets at highly competitive prices!

The new ArtSystems Phoenix Programme offers you a comprehensive portfolio of remanufactured HP Designjets at highly competitive prices. All **Phoenix HP Designjets** undergo a rigorous renewal process and have a full HP on site warranty as standard. They also qualify for the normal HP Care Pack warranty extensions and upgrades.

We offer the full HP Designjet portfolio from current models to end of life products. **The Phoenix HP Designjet** programme gives you the opportunity to increase your sales of HP Designjets in difficult sales situations where the sale of a new HP Designjet is not possible.

There are three grades of HP Designjets available Gold, Silver and Bronze. Each one has full onsite warranty and vary only in aesthetic condition and ink levels.

### With a whole load of benefits including:

- Complete HP warranty, service and support options
- Original HP quality and reliability
- Extensive product portfolio
- Latest and older generation technology available
- HP finance packages apply
- More than 80% are less than 12 months old or even brand new
- Unbeatable price-performance ratio
- Same print performance as new products
- Highly competitive price

ArtSystems is a HP Preferred  
Refurbishment Centre
